Dear Customer:

Your current local and/or long distance telecommunications providers (intrastate, interstate and/or international) are one or more of the following: Verizon New England Inc.; NYNEX Long Distance Company (d/b/a Verizon Enterprise Solutions); Bell Atlantic Communications, Inc. (d/b/a Verizon Long Distance); or Verizon Select Services Inc. (collectively, "the Verizon Companies"). These companies have agreed to a transaction providing for the transfer of their local and long distance customers in Maine, New Hampshire and Vermont to FairPoint Communications, Inc. ("FairPoint"). This transaction requires approval by state and federal regulatory authorities, including the Vermont Public Service Board, the Maine Public Utilities Commission, the New Hampshire Public Utilities Commission, and the Federal Communications Commission. This notice is being sent prior to the receipt of all regulatory approvals in order for us to comply with customer notification requirements.

Should the required state and federal regulatory approvals be obtained, we anticipate that the transaction will close on or after February 29, 2008. Unless you elect to use a service provider other than one of the Verizon Companies prior to the transfer date, FairPoint will automatically become your service provider for any services you currently receive from the Verizon Companies, including local and long distance services. If FairPoint becomes your service provider, FairPoint will convert your service at no cost to you and your local telephone number will NOT change as a result of the transfer. If a Verizon Company is not your local service provider, the proposed transfer to FairPoint will not affect your local carrier selection. If a Verizon Company is not your long distance service provider, the proposed transfer to FairPoint will not affect your long distance carrier selection.

You always have the right to select another provider for local and long distance services, if you wish to do so and another provider is available. This decision is entirely up to you, and you may choose to switch to another carrier for one or more of these services either before or after this proposed change from the Verizon Companies to FairPoint. There will be no carrier change charge assessed on customers of the Verizon Companies as a result of the transfer to FairPoint. However, selecting a carrier other than FairPoint may result in a carrier change charge to you.

If you have arranged an intrastate, interstate, and/or international preferred carrier freeze on one or more of the services involved in this transfer, the freeze will be removed in order to transition your service to FairPoint (except as to any services for which you have selected a carrier other than FairPoint), and in such case, you must contact your local carrier (whether FairPoint or another telephone company you have selected) after the transfer, in order to re-establish a preferred carrier freeze.

Upon completion of the proposed transfer, FairPoint will offer local, toll, and long distance telecommunications services to you under the same rates, terms, and conditions offered by the Verizon Companies prior to the transfer. If, in the future, there are any changes to the rates, terms or conditions of your service, FairPoint will notify you by mail or in your bill. FairPoint values your continued business and will gladly respond to any questions you may have about your service after the transfer.

Until the actual transfer date, the Verizon Companies will continue to be responsible for all customer service inquiries, complaints, billing issues and questions regarding this notice. You should contact your Verizon Company representative toll-free at (800) 688-2880. After the transfer date, you should refer your questions regarding this notice or your account to FairPoint toll-free at (888) 426-8711. Business customers can also contact their Verizon Company account manager prior to the transfer. After the transfer, business customers are encouraged to contact FairPoint toll-free at (888) 426-8711 if they have any questions regarding this notice. We appreciate your understanding and support during this transition period.

Sincerely,
The Verizon Companies
FairPoint Communications, Inc.
